

Welcome to Jabudays Yacht Charters, Thailand's most exciting yacht charter company. Jabudays is a Phuket yacht charter company that offers its services across Thailand. This Phuket yacht charter company commenced operations in 2007 with its first boat named "Jabuticaba" also known as Jabu. Jabu at the time was the largest yacht available for a Phuket yacht charter and with a capacity of 60 guests was the ideal choice for hosting parties and events onboard. Following Jabudays success as a Phuket yacht charter company, the company expanded its services to Pattaya, Koh Samui, Bangkok & Krabi. Today, Jabudays offers one of the largest selection of charter boats in Thailand. Our yacht charter fleet includes a diverse range of handpicked crewed yachts for day and overnight cruises. Capacity, size, price, levels of comfort, speed and use form the basis while selecting a yacht in Jabudays fleet. Besides yacht charter services, Jabudays specializes in bespoke event services for private and corporate events. Jabudays organizes events such as parties, team building programs and weddings. Luxurious yachts, pristine secluded beaches and exotic island resorts are the ideal venues for such events. With over 10 years of experience in the Phuket Yacht Charter and Events industry, Jabudays is the only company in Thailand that specializes in organizing such events. Events organized include weddings, parties, gala dinners, corporate incentive cruises and team building programs.
